

INNOVATORS

Students Today Need to Be...

- Innovators
- Creative problem-solvers

What is Invention Convention?

- Invention competition
- Progressive series:
 - Regional Hub level
 - State
 - National

How Educators guide their students:

- Curriculum is optional, and teaches students about the invention process
- Invention process teaches critical-thinking
- K-12 age-appropriate activities

Student Invention Requirements:

1-4 students per invention

- 3rd-5th Grades
- 6th-8th Grades
- 9th-12th Grades

*Students working together must be in the same grade range

- FREE Lesson plans
- Downloadable PDFs
- Power point slides
- Student Worksheets
- Logbook template
- Scoring Rubrics

Regional Hub Competition

March 2023

Educators [pre-register](#) by December to get started with your students!

The Hub staff help Educators, and send out monthly updates!

Students learn the invention process and log their journey as they invent!

Students submit their inventions to compete at the Regional Hub in 2023!

Educators, learn more at:

Stem-innovation.wayne.edu/icm

Sign up this fall for onboarding sessions and receive a walk-through of

Curriculum Training!
